

Hi Jenny,

Two gentlemen stopped by and completed the work this afternoon. For someone like me who knows nothing about this, it seems to me they know exactly what they are doing and have done a good job to fix the problem. They cleaned the area when the work is done.

Again, thanks for referring the company to me. I have been using Rosie's referral list, I can say that I have never been disappointed.

Thanks for your wonderful services to us and all Arizona families.

Frank
