Re: Kirk Development Company Letter of Reference

Dear Rosie,

I am writing this letter to tell you what a fabulous experience we recently had when working with Kirk Development Company.

As long-time listeners of your radio show, the Rosie Referral network is the first place we looked to find a partner and contractor. I made one phone call to Kirk Development and knew we found the right company.

From the start of the design process through to the completion of our final punch list items, Kirk Development was exceptional. All the sub-contractors and workers were professional and did quality work, in particular I'd like to pass along special thanks to:

- Clark Electrical. Brian and his crew were exceptional. Our existing electrical was wonky on its best days. Now I can brew coffee and toast a bagel at the same time. It's such a relief to know that all the wiring is new and was done right.
- Burbank Masonry. They found old bricks from a building that was being torn down that matched our fireplace. Then, they created an exposed brick wall that is the focal point of the new kitchen. Their work was pure artistry.
- Cholla Custom Cabinets. The cabinets are spectacular and the time and attention paid to installing the hardware so perfectly was amazing.

Saving the best for last, our project was completed on time and below budget. I don't know anyone who has done a significant remodel project who can say this.

I can't recommend Kirk Development highly enough. And I am grateful for the work you do through your referral network to take the stress out of choosing a contractor. We finally have the kitchen of our dreams.

Sincerely,

Maria and Steve Parrish
