

CYC Landscaping
P. O. Box 12590
Tempe, AZ 85284

To the Staff at CYC Landscaping,

We just wanted to say thank you to the entire staff at CYC Landscaping. Throughout the whole process everyone we spoke to was polite and knowledgeable. Our special thanks to Mike L. for his guidance and expertise while working with us to achieve our vision for our backyard. He returned our calls promptly and addressed all our concerns to our satisfaction. And we love Mike's suggestion of adding some lighting throughout the design, something we had not considered but now appreciate the impact it makes at night. Our special thanks to the foreman Robert T. for his hard work, creativity and forever paying attention to details. He did a great job overseeing the entire process. Everyone on the team was professional, hard working and committed to getting the job done and done right. They worked with pride as if it was their own back yard. And as your advertisement says, you actually showed up, every day and on time, until the job was done. The crew did a great job of cleaning up too when the job was finished. There was nothing for us to do but sit and enjoy our beautiful backyard. You were great to work with and we would not hesitate to recommend you.

Ed and Eileen, Florence

Again, thank you.

Sincerely,

Eileen
