

Hello Mr. Romero:

Greetings, and the best of wishes to you for a Happy Father's Day! I trust you are spending the day with the family surrounded with love, laughter, lots of happy memories with your children and the grandchildren.

Thank you for the can of paint, it arrived yesterday. I am very appreciative that you took the time despite your busy schedule to remember to send the paint. My gardener wanted \$45.00 to paint 2 trees, guess I'll be painting them myself. Have to wait til after the monsoon, we had our first storm today, the house shook from a close lightning strike. Will keep you posted of the healing process for both trees.

The Solar Store will be at my house on Monday, June 18, to install a solar skylight in my mother's bathroom. I was very glad you called with the suggestion. The cost is \$605.00, the tile roof cost me an additional amount (included in total price). I should/hope be able to recover some of the cost when I file my income tax next year. Katherine helped me and she will be on site for the installation next week. It's going to make a huge difference in bathroom - for the first time in a long time, let there be light!

In closing, let me say thank you again, Mr Romero, for everything that you have done to help me. From the time I called your radio show for information for my mother's bathroom, to the paint I just received to save my trees for me. I truly appreciate your kindness.

Please, also extend my fervent gratitude to all the wonderful listeners on your radio show who heard my cry for help and answered the call. Everyday when I help my mother into the shower (donated and installed by Rebath of Tucson), I say a prayer of "thanks" for the kind, generous, and wonderful people (strangers) for making the change possible. It has removed the fear for falling and getting hurt for my 91 year mother who now enjoys her daily showers! As for me, the change has helped to make a small part of my ongoing job as caregiver a little stressful, but happy, that my mother can derive so much pleasure in a simple routine of taking a shower!!

Gratefully,

Jennifer
