

## **Julia Drake**

---

Irwin furniture built and installed our laundry room cabinets. They were built and installed in a timely manner. They were true to their word. We needed more storage in our laundry room and that is what Irwin's provided with their cabinets. The cabinets were built to our specifications. They seem sturdy; and we love the style and color. We are very happy with the work completed by Irwin's. We would definitely recommend them! – Rose S.
