Rosie:

You referred us to Fred Willsher for some work and I'd like to put in a few words about our experience with Fred and his Son.

They are Exceptional, knowledgeable, prompt, courteous, and basically the best people that have ever worked on our house.

I wanted to thank you personally for putting all of your recommended contractors through such vigorous tests before they can join your organization. Because you do this, the people that call you can always count on a perfect, well done job.

Thank you for introducing us to Fred!
