We chose East Valley Flooring based on the Rosie On the House list of recommended contractors to refinish our hardwood floors. Mr. Von Payne inspected the flooring at our house, and gave us a quote for the job.

We would highly recommend East Valley Flooring as a reliable, trustworthy and dependable company. Mr. Payne was very helpful in explaining the various options and obviously is very knowledgeable on what needed to be done. The workmanship was great and the results show it. I would certainly recommend East Valley Flooring and would not hesitate to use them again for any future flooring needs such as carpet, tile, wood flooring or countertops. I might add that the house was left in a spotless condition after completion of the hard wood refinishing.
