Comments:	<p>Miguel from Integrity was just great!We had another contractor come out before integrity and we were ripped off and lied to they said it was electrical then they said just keep the unit on for about 15 hrs. it was really a nighmare and we had to wait over 3 mos. to get the money together to fix our unit again. It turned out to be a fan motor!! I am so glad that my wife cam now work from home again.. Thanks rosie and thanks miguel</p> <p>Ps for the next time I already feel like a have a warranty before I get the work done and the peace of mind means so much thank you</p> <p>Jeff</p>
