

Hello,

I just wanted to pass along a terrific compliment that I received regarding your firm from a customer. Mrs. Fugate called me to tell me that your services were amazing, and the delivery crew was impeccable. She also stated that she will be using your services for more items that she has in her home that she would like to have refinished.

I wanted to say thank you for providing us and our customer with such wonderful service, and I look forward to working with your company again in the future.
