Hi Don,

I just want to let you know that the four chairs that you refinished and then reupholstered look fabulous along with our new 'breakfast nook' dining table. Your workmanship is outstanding.

Thanks to you and your entire organization for all the good work you have done for us with the several projects we have given to you over the past few months.

Wishing you and your family a great deal of success and good luck with your business in the future.

Best regards,

Tom & Joan [redacted]
