You gave me the name of Irwin's Furniture and Restoration in Phoenix for repair of the gun cabinet damaged during burglary in July 2008.

The damage was extensive and I was uncertain that it could be repaired. Irwin's did an excellent job; you would never know what happened. It is restored to the wonderful cabinet my husband built.

I recently had Irwin's do an in home project for me with the same excellent results. I cannot recommend this company enough. I hope you will recommend Irwin's to your clients whenever furniture repair/restoration is needed.

Sincerely,
Diane [REDACTED]
