

Rod and Katy,

Thank you for the shutters they look great! Rod was very professional on the phone providing me with the informatio he need. I appreciate the care he took in looking at the specifics of my job with window and door handles that were in the way. He came back and measured a second time, so I know the installation would go smoothly. The installers were on time, clean and organized and did a perfect job. Thanks again and I will be calling you for other window coverings.

Kandes
