**Subject:** RE: Home Performance Energy Audit

Dear Mike,

Casey came to my house this morning and went through a complete energy audit of my home. With all of the things that he pointed out to me I thought the cost would have been \$4-5000. I was really surprised at the total cost and the rebates involved. The final cost is on \$1250 after rebates. Wow! that is super and a relief. I will be contacting REEIS in a couple of weeks and scheduling all of the repairs that Casey wrote up.

I will also be getting in touch with my friends, relatives, and co-workers and tell them this is something that they need to do. Especially as we near the hot summer her in the valley. Rosie is right on on this one. It's going to be the best \$99 I'll spend.

Thanks,

Larry [REDACTED]
