## Distinctive kitchen remodel

These homeowners were in desperate need of an update to their aged kitchen. Soffits were removed to raise the ceiling and open the space up dramatically. To achieve a contemporary look all new dark cabinets and light quartz countertops with a clean edge detail were installed. The kitchen sink is a beautiful cast iron farm house style with front apron. LED lighting was used under the wall cabinets to highlight the glass tile backsplash and countertop work area. The glass door display cabinets have LED interior lighting to showcase family treasures. To create flow and warmth from the kitchen to family room a plowed distress engineered bamboo flooring was installed.

## Thoughtful and elegant details

1. Neutral quartz countertop with contemporary edge detail.
2. Installation of a new multi-sliding section window.
3. Contemporary cabinetry with glass door inserts and LED interior lighting.
4. Pendant lighting with Edison bulbs over the peninsula.
5. Stainless steel variable speed exhaust hood with LED lighting.
6. Under cabinet dimmable LED lighting.
7. Contemporary glass tile backsplash.
8. Stainless steel French door refrigerator with freezer drawer and icemaker.
9. Stainless steel double oven.
10. Beautiful plowed distress bamboo engineered wood flooring.
11. Deep and wide soft close drawers under the new gas cooktop.
